Opis

The Betec Clarus is ideal for illuminating pictures, menus and music stands. It has a lamp head that can be rotated around its own axis so it can be used to illuminate pictures without glare. It is offered here with a length of 76 cm and a projection of 11 cm (bracket type 11). The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting.

The Betec Clarus 76 cm is offered in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the light can be easily attached directly to a picture or to the wall. As standard, the picture light is supplied with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED features very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Betec offers the Clarus lamp in ten other lengths and with a projection of 17 cm or 22 cm.
