<b>Dimensions</b>	H 30 cm   L 36 cm

### Opis

The Betec Clarus is offered here with a length of 36 cm and a projection of 17 cm (type 17). The lamp has a rotatable lamp head that can be realigned around its own axis at any time and illuminates a picture without glare. This makes this lamp ideal for illuminating pictures, menus and music desks. The high constant light output with low power consumption and extremely long service life are ideal prerequisites for modern picture lighting.

The Betec Clarus 36 is available in the following surfaces: glossy brass, matt brass, chrome, glossy nickel, matt nickel, burnished, matt black, glossy gold and matt gold. The scope of delivery includes a mounting set with which the light can easily be attached directly to a picture, photo or wall. The picture light is supplied as standard with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated, dimmable LED features very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. Betec offers the Clarus picture light in ten other lengths and with a projection of 11 cm or 22 cm.
