### Opis

The light of the LARAFelt Pendant Lamp L grey is mainly emitted downwards, upwards it is mostly dimmed. The lamp shade of the LARAFelt Pendant Lamp is covered with grey wool felt. The view into the inside of the lamp is particularly beautiful, where the wool felt is shown to advantage by the low diffuser. The pendant lamp is available in the inner shade colours wool white, orange and curry. There are also pendant lamps from the LARAFelt series on offer with a lamp shade in red felt (shade inside colour wool white) or indigo coloured felt (shade inside colour cinnamon).

The LARAFelt Pendant Lamp L can be individually set in the total height when it is mounted. It is operated with a powerful LED that has a colour temperature of 2,700 Kelvin extra warm white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92. The LARAFelt Pendant Lamp is also available in other sizes.
